God's Earth: Climate Change and Joyful Action

Post-Easter Church School Offering

Sunroom

As stewards of God's beautiful earth, we are called to act wisely and well. This post-Easter class, meeting in the Sunroom, begins on Earth Day Sunday, April 23. The class will inspire a meaningful vision and offer specific ideas for action-while also fostering space to reflect on writings and experiences in nature.

Mindful Parenting

Lounge

Each week, the group discusses ideas about parenting from current resources. The simple format includes the following: prayer, brief check-in, summary of the book or article being shared, and a discussion on prepared questions. We welcome novice and experienced parents alike looking to share laughter, support, and hope in the journey of parenting. Megan and Miles Highsmith are the co-facilitators. Race, Power and Christian Discipleship (continued from fall semester)

Room 18

This class will continue its exploration of what it means to be white and Christian in a racialized culture. How can we better understand our racist enculturation, and how can we move toward being a positive agent for change? Class members will share in the facilitation of weekly sessions, drawing on numerous available resources. New members are welcome.

English as a Second Language

Room 17

This class is designed for those learning English as a second language and interested in faith. Participants will learn vocabulary and share from their own cultures and histories in lively discussion. Muhammad and Alex Mia will co-teach the class.
